Register Your Equipment and Save

Register your equipment with the National Equipment Register. Improve theft protection and recovery rates.

Fireman's Fund® Specialty Insurance offers a new incentive to our Inland Marine policies that provides a deductible waiver for heavy equipment coverages.

The incentive applies to insured heavy equipment registered with the National Equipment Register, a nationwide online registry that greatly improves theft deterrence and equipment recovery rates.

You will get a 20 percent discount off your NER registration fees as a Fireman's Fund policyholder. In addition, if you register your insured equipment, we will offer a deductible waiver of up to \$10,000 for any insured equipment item registered with the NER that is subsequently reported stolen to law enforcement authorities.

More than \$1 billion in equipment is stolen every year. Ask your agent about our NER Inland Marine policy incentive and start benefiting from better security for your equipment today.

What Is the National Equipment Register?

The NER is a national database of heavy equipment theft reports and ownership records that helps authorities track down any NER registered stolen equipment. The database contains more than 13 million ownership records and some 80,000 theft reports.

For a small fee per machine per year, owners can securely and confidentially register their entire fleet with NER, by serial number and any other tracking number used by owners. Smaller fleets may register equipment online and larger fleets can download electronic inventories.

Owners receive secure, password-protected and searchable access to all their registered items – a useful online inventory management tool.

NER provides a weatherproof 4" by 5" decal for each registered item that warns potential thieves of the heightened risk of detection and arrest while moving, storing or selling a registered machine. Law enforcement authorities can check 24/7 for stolen equipment through NER's police hotline. More than 2,000 police agencies use the database.

You get the following benefits by registering equipment with NER:

- **Deterrence** – Thieves will be deterred where equipment (and premises) have been marked with NER decals. Even if the decal is removed, the item will still be registered – and the thief knows this.
- **Theft Reporting** – As soon as a theft is detected, if NER is notified by the equipment owner, a full loss report will be added to the NER database, ensuring the speed and accuracy of the loss report.
- **Recovery** – NER will be able to identify you as the owner of a registered piece of equipment, increasing the chances that your machine will be identified and recovered.
- **Proof of Ownership** – You can record both component and owner-applied numbers on NER's HELPtechSM database, which not only gives law enforcement an added identification tool, but also helps prove ownership.
- **Risk Management** – Theft deterrence and the increased chance of recovery will help control loss whether insured or self-insured.

How to Sign Up

Contact your agent for more information about our NER fee discount code and rate discounts available to Fireman's Fund® Inland Marine policyholders.

For more information about NER and terms and conditions of this service, visit www.nerusa.com or call 212.297.1805 or 866.663.7872.

Visit www.stopequipmenttheft.com for full details on registering your equipment with NER.

Inland Marine – The Fireman’s Fund® Difference

Fireman’s Fund has been successfully handling Inland Marine insurance coverage for more than 100 years. We are one of the leading insurance carriers in this specialty segment, focusing mainly on construction, transportation and communications coverages. Our advantages include:

- Customized insurance products for an extensive variety of non-standard and monoline risks
- Coverage options for specific types of first- or third-party property
- Highly experienced underwriters in local markets
- Nationwide network of in-house marine specialists
- 250 classes of inland marine coverage
- Strong financial position for stability through the long tail claims process. We are backed by our parent company, the financial leader Allianz SE, with \$1 trillion in assets
- Industry-leading experience with complex claims adjustment
- Related real property insurance available when written with a full account

Now, we’re offering you yet another advantage through a deductible waiver for using the NER to register your heavy equipment.

Contact NER at **212.297.1805** or use the hotline at **866.6.NER.USA** (866.663.7872). Reporting a loss can also be done online or via fax (212.354.9039).
